

Greater Flagstaff Forests Partnership (GFFP), Campbell Global, Dakota Logging, and Northern Arizona Healthcare

CERTIFICATE OF RECOGNITION

In completing the 2021 Healthy Forest Initiative Grant Program awarded to Greater Flagstaff Forests Partnership by Arizona Department of Forestry & Fire Management. This grant program in partnership with Campbell Global, Dakota Logging, and Northern Arizona Healthcare improves forest health by reducing hazardous fuels, thereby mitigating severe wildfire risk to infrastructure components that are essential to Coconino County and the City of Flagstaff. Results were:

- 189.5 acres thinned to 60-80 BA
- All logs hauled off site
- 189.5 acres biomass processed
- All biomass hauled off site
